| 6) Kids 4-H Creative - Must correlate to one of their 4-H projects for the year _____ | |

Facial Hair Judging Guidelines and Categories

Judging System

A 5-10 point judging system is used by the judges. Half points are allowed. The numbers 10, 9.5 and 9 are only allowed to be given **once** per judge per category (places 1, 2 and 3 per judge).

The lowest and highest score are dropped for a total possible maximum of 50 points (perfect 10 times 5 judges).

The judges are instructed by a member of the host group on how to judge and then each judge issues **one** number between 5 and 10 (not a complex system of multiple scored criteria, like figure skating). This number is then held up. Ties are broken by the judges (rare).

The contestants are brought up as a group, paraded past the judges (maybe twice) and then lined up for the judges to see. Then they present individually.

The top three in each category will receive a trophy.
