

Nigerian Dwarf Goat Essay Contest

ATTN: ALL 4-Hers in Summit County interested in taking a NEW (first year dairy goat) project.

The Summit County Jr. Fair Goat Committee is hosting an essay contest. The winner will be awarded two(2) Nigerian Dwarf wether kids to be taken as a 4-H project and must be shown at the Summit County fair in 2022. Goat kids will be donated by quality local breeders. Any 4-H member in Summit County may participate if they will be enrolled with a club for 2022 and did NOT take a dairy goat project in 2021.

To enter the contest, the child must hand write an essay outlining why they would like to take a dairy goat project, as well as what housing arrangements you will have. Include in your essay, your name, age, phone number, address, number of years you have been involved in 4-H, previous projects taken, and any other information you feel is important or interesting! Be creative! Think about what may make your essay stand out. Feel free to include art work, and pictures.

Parents/Guardian MUST sign at the bottom of the essay confirming that they would be able to receive the Nigerian Dwarf kids, take care of them properly, and that the youth agrees to finish the project by showing it at the Summit Co. Fair this year. Our committee is looking for an individual who shows enthusiasm and interest in owning and raising a new project and who can provide proper care and housing.

Essays are DUE at my home via email or delivery by March 11, 2022. The winner will be notified via phone by March 14 so that you can register the project with the county online March 15. It will also be posted on the Summit County Jr. Fair Facebook page.

Questions? Call Maya Jordan @ 330-703-0255, Summit County Jr. Fair Dairy Goat Chairperson
