

# VOLUNTEERS

## WHY WE VOLUNTEER!!

### Some testimonies from some of our Directors and Volunteers!

"Grew up in 4-H and Jr. Fairboard, became a 4-H advisor and joined the Fairboard to help make a difference. It is rewarding working to maintain the fairgrounds so that our youth and community groups can enjoy the facilities."

"I keep volunteering because seeing a city kid and parent that had never touched a live chicken or rabbit is amazing and how much people enjoyed being there at the fair."

"After the first couple of years in 4H, my husband and I joined the Fairboard as directors. In our minds, it was our way to give back to an organization that does so much to shape the minds and hearts of the community's young people."

"The fulfillment of working with these youth members and showing them that hard work pays off and even though it's not always easy, we can have fun along the way and make some amazing memories. The people I have met in the last 15 years as a volunteer with 4H and now Jr. Fairboard and the years before that as a youth are truly my family. The things I have learned just in the last 3 years are life changing and I value this community beyond words."

""To contribute to the program that has taught me many valuable lessons . "

""I've always tried to help others or organizations that need help when I can. It feels good to help others succeed in the journey of life "

"My family was a 4-H family so our vacation was spent at the fair. I have met some of my best friends volunteer at the fair. I grew leadership skills from my time in Jr. Fairboard and I still volunteer today to give those great opportunities to future youth."

"It was a family tradition; my mom started showing at the Summit County Fair in the 1960s. I showed in the 1990s, then immediately started helping with the horse program when I graduated from 4H. It's great to see kids learn & grow with programs offered by 4H & fairboard."

# VOLUNTEERS

There are many opportunities to volunteer at the fair or year round.

By filling our the google form on the web page, we can start your journey to volunteering with the Summit County Agricultural Society!
